SOUND ENGINEER

## WORK EXPERIENCE

**EDITOR**  
THE JOEY CREATIVE AGENCY  
2016 - PRESENT

I mix and edit ad campaign video for clients, including commercials and social media. I also write webpage content for clients including audio/visual content (Y.U. Fixit, Coach USA, MPA Painters, Living NJ Realty). Recently I made audio brands for Y.U. Fixit and Urban Griddle, and automated social media posts for Monroe Center to feature tenants' services.

**LIVE SOUND ENGINEER**  
AUDIO INCORPORATED  
2016 - PRESENT

My responsibilities include engineering several theatrical performances monthly, organizing our warehouse, and aiding in equipment maintenance. I have also assisted in engineering for outdoor festivals and pro-circuit theaters including the South Mountain Blues Fest and several events at SOPAC.

**ASSISTANT SOUND DESIGNER & STAGE MANAGER**  
ASSISTANT TO JOE DEVICO  
2013 - PRESENT,

I assist in the recording and mixing large of ensembles. Noteworthy projects include assisting in the sound design for Chatham Players' *Moon Over Buffalo*. I also stage-managed this show during its two week run. Similarly, I ran a showcase of New Jersey Youth Symphony Orchestra in the spring of 2015, 2016, and 2017.

**SENIOR THESIS**  
OPENING THE DOOR TO GENERATING  
SOUNDS WITH MOTION CAPTURE  
2016

My thesis focused on the importance of motion with sound in various media. I explored the use of motion capture as a controller for procedural audio or sound design.

**LAB MONITOR FOR MUSIC DEPARTMENT**  
STEVENS INSTITUTE OF TECHNOLOGY  
2014-2016

As a lab monitor, I repaired broken sound equipment, supported student projects with production ideas, and initiated an effective checkout system for the lab's inventory. I renovated the room's acoustic arrangements and installed more insulation for a better recording environment.
